Project Description:
The Department has prepared a draft permit and has made a tentative determination, subject to public comment or other information, to approve an existing discharge of 0.85 million gallons per day (MGD) of treated sanitary wastewater to Payne Brook (NYS Water Index#: SR-44-78), a Class C stream, from the Village of Hamilton Water Pollution Control Plant (WPCP) located at 81 College Street, in the Town of Hamilton, Madison County, NY.

The Village of Hamilton WPCP is a publicly owned water treatment facility that receives flow from domestic users. Current treatment consists of preliminary, primary, secondary, tertiary, disinfection and post aeration. Sludge is digested and disposed of at landfill.
